Dear Mr. and Mrs. Gehre:

Your notice to conduct mining related operations on your claim, Ebony and Ivory Number 2, UMC 337570 in T. 23 S., R. 13 W, Section 9, has been received and accepted by this office. Your notice has been assigned case file number UT-055-91-09N. Please use this number in any future correspondence concerning this notice.

If you change your operation from what is described in your notice, please contact this office prior to the change. If your operations extend for more than one year, please advise this office of the status of your mining related activity on the anniversary date of your notice.

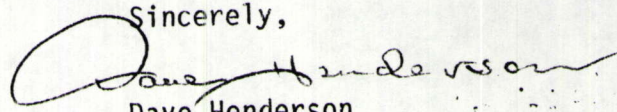

A copy of your notice has been sent to the Utah Division of Oil, Gas and Mining (DOGM); therefore, you will not have to file this notice with DOGM. However, reclamation under this notice is required to conform to the standards of the Utah Mined Land Reclamation Act. Also, all mining claimants and operators that plan to use, store, or divert water are required by Utah statute to notify the Utah Department of Water Resources, 1636 West North Temple, Salt Lake City, Utah 84180-1203

As required by 43 CFR 3809, Surface Management Regulations, reasonable measures must be taken to prevent unnecessary or undue degradation of public lands during your operations. Please notify this office upon completion of operations and reclamation, so an inspection may be conducted on the site.

Acceptance of your notice will not now, nor in the future, serve as a determination of the validity nor ownership of any mining claim included under your notice.

Thank you for submitting your notice. If you have any questions regarding this letter, please contact Phil Allard at (801) 743-6811.

Sincerely,

  
Dave Henderson
